## PART 1 – ANNUAL BUDGET

### 1.1 HONORABLE MAYOR'S FOREWORD

It is a privilege to present the IDP 2016/17 to the community of Thaba Chweu Local Municipality. This year marks a year in which our term as council comes to an end, I will first like to appreciate the partnership between the municipality and various stakeholders who have been part of our IDP since the term commenced and their contribution thereof.

Our municipalities are located at a local sphere of government which is the coalface of service delivery of government. Municipalities should interact with communities on a daily basis being mandated by the constitution of the Republic of South Africa, Act 108 of 1996 in order to create a better life for all and enhance the living conditions of the community and its members. Indeed, it is true that Thaba Chweu Municipality continues to work together with our communities in order to find sustainable and progressive way to fulfil their social, economic and developmental needs.

It is through Integrated Development Plan, which is the most important tool that we use to guide our planning, development and decision making processes in our municipality. All other plans and actions of the municipality are resonant with and secondary to the IDP. In order to achieve the vision and mission of our municipality, we commit ourselves in engaging our local communities through public participation in finding best solutions to address the long term objectives of the municipality. Our IDP places our institution at the vantage point of future development.

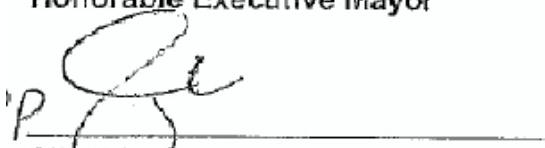

The council was elected in 2011 and has embarked on a process of formulating and reviewing its five year integrated development plan (IDP) 2011 -2016 on annual basis. The IDP implementation has encountered numerous challenges in which funding was at the centre from the beginning, this gave the municipality a tough challenge in executing its IDP mandate this was clearly visible in areas like Sabie, Lydenburg, Graskop and most of the rural and farm areas. For an example the community of Sabie eventually lost hope and embarked on protest actions. However it is also important to note that our Eskom debt has had negative impact on balancing the budget to service Eskom account and funding the IDP projects.

Despite the challenges mentioned above It is important to note that significant progress has been made during this council term, the municipality has delivered the following services: **Water supply in Ward 05 (Draikraal, Kiwi and Shaga), Ward 04 (Coromandel), Ward 08 & 09 (Matibidi, Leroro and Moremela)** these services were provided in a form of boreholes and storage facilities, Roads construction in Ward 12 (Lydenburg[Veljoen Street & Kerk Street]), Ward 01 (Mashishing main Street), Ward 05 (Kelly's Ville & Draikraal), Ward 14 (Skhila main Street), Ward 06 (Simile), Ward 10 (Graskop), Ward 09 (Moremela), Ward 08 (Matibidi). **Electricity connections in Ext 08 Mashishing, Graskop Ext 05 and in most of the rural and farm areas Eskom has been electrifying.** The municipality still strives to provide bulk supply in the said areas. Our biggest challenge in all our formal areas i.e Lydenburg, Sabie and Graskop is Infrastructure upgrade on Roads, Water and Sanitation and Electricity. This revised IDP seek to tackle some of the key issues particularly roads. In this regard we will engage our local business for partnership in this regard.

In terms of financial efficiency we have focused on establishing cost effective measures to reduce our spending during these trying times whilst ensuring that what we spend is on key priority basic services in order to improve the state of our local economy for an improved socio-economic levels. Working with business and other government institutions we will make an impact, I am confident that we will be able to accelerate service delivery, and ensure that we create a today that is better than yesterday and a tomorrow that is better than today.

**Honorable Executive Mayor**

Chris Mashego

## 1.2 ITEM

**SECRET/CONFIDENTIAL**

---

**A81/2016**

**MEDIUM TERM REVENUE & EXPENDITURE FRAMEWORK FOR THE PERIOD 2016/2017; 2017/2018; 2018/2019 (FINAL ANNUAL BUDGET)**

**6/1/2016/2017**

**Council Meeting : 25 May 2016**

### **REPORT OF THE ACTING MUNICIPAL MANAGER**

#### **1. PURPOSE**

The purpose of the report is to table the Final Annual Budget, tariffs, changes to the Integrated Development Plan, Budget related policies and the organogram for 2016/17 – 2018/19 Medium Term Revenue and Expenditure Framework.

#### **2. BACKGROUND**

In Section 16, 24 and 53 of the Local Government: Municipal Finance Management Act (MFMA), No. 56 of 2003 read together with Section 34 of the Municipal Systems Act (MSA) 2000 as amended prescribes that a municipal Council must approve its annual budget, tariffs, changes to the Integrated Development Plan and Budget related policies by council resolution annually. See attached as **Annexure I (Page 68 - 920)**. HR Policies have also been reviewed and developed. See attached as **Annexure J (Page 921 - 1300)**.

#### **3. MOTIVATION**

To inform the honorable executive mayor, speaker, mayoral committee and ordinary council members of the Medium Term Revenue and Expenditure Framework for the period 2016/17 – 2018/19.

#### **4. STAKE HOLDERS CONSULTED**

National Treasury

Mpumalanga Department of Finance (Provincial Treasury)

Mpumalanga Department of Co-operative Governance (Cogta)

Ehlanzeni District Municipality

National Energy Regulator of South Africa (NERSA)

Community members of Thaba Chweu Local Municipality (Through public participation)

#### **5. HUMAN RESOURCE IMPLICATIONS**

None

## SECRET/CONFIDENTIAL

### **6. LEGAL IMPLICATIONS**

In terms of the MFMA/MSA

### **7. FINANCIAL IMPLICATION**

#### **MTREF 2016/17**

Description	Budget 2016/2017	Budget 2017/2018	Budget 2018/19
Total Revenue	R 552 526 180	R 574 827 010	R 617 436 095
Total Expenditure	R 571 164 653	R 584 887 599	R 618 650 259
Surplus( Deficit)	(R 18 638 473)	(R 10 060 589)	(R 1 214 164)

That council takes note of the Deficit of R18 638 473.00 for the 2016/17 financial year

That council takes note of the Deficit of R10 060 589.00 for the 2017/18 financial year

That council takes note of the Deficit of R1 214 164.00 for the 2018/19 financial year

### **8. POLICY COMPLIANCE**

In terms of the approved IDP/Budget process plan 2016/17

### **9. LEGISLATIVE REQUIREMENTS**

MFMA section 16, 24 and 53.

MSA section 34.

### **RECOMMENDATIONS OF THE ACTING MUNICIPAL MANAGER**

1. That the Final Annual Budget be approved by council.
2. That a copy of the Final Annual Budget be submitted to National Treasury and Provincial Treasury.
3. That the Revenue Enhancement Strategy be revised with the following additions:
  - Combat illegal service connections.
  - Improve debt collection.
  - Introduce innovative means to improve affordability of services and municipal debt.
  - Address water leaks.

## **SECRET/CONFIDENTIAL**

---

- Rationalise current Service Level Agreements (i.e. Negotiate lower and affordable contract rates and involve local empowerment groups).
  - Implementation of strict cost curtailment measures
4. That the Final Tariff Structure be approved by Council.
5. That the following Final Budget Related Policies be approved by Council:
- a. Assets Management Policy
  - b. Vironment Policy
  - c. Budget Policy
  - d. Investment Policy
  - e. Creditors Payment Policy
  - f. Out of pocket Reimbursement Policy
  - g. Unauthorised Irregular fruitless and wasteful expenditure Policy
  - h. DRP Methodology
  - i. Change Management
  - j. Disaster Recovery
  - k. Acceptable use
  - l. Account Management
  - m. Anti Virus
  - n. Approved Software
  - o. Back up and Restore
  - p. Email Access
  - q. Email Security
  - r. Governance Framework
  - s. ICT Strategy
  - t. Information security
  - u. Internet Access
  - v. User Password
  - w. Supply Chain Management Policy
  - x. Credit Control and Debt Collection Policy
  - y. Cash receipt and Banking Policy
  - z. Draft cashiers manual
  - aa. Indigent Policy
  - bb. Tariffs Policy
  - cc. Rates Policy
  - dd. Customer Care and Revenue By-Law
  - ee. Related Party Transactions Policy

**SECRET/CONFIDENTIAL**

---

- ff. Contingent Liability Policy
  - gg. Supply Chain Management Policy
6. That the Final Integrated Development Plan be approved by Council.
  7. That a copy of the Final Integrated Development Plan be submitted to the office MEC for Co-operative Governance and Traditional Affairs for comments within 10 days of its adoption as stipulated by the legislation – section 32 (l) (a) of the Systems Act, 2000.
  8. That the Municipal Organisational Structure be approved by Council.
  9. That the following HR Policies Manual be approved entailing the following policies:
    - a. Acting Policy.
    - b. Annual leave Policy.
    - c. GG 37245.
    - d. Attendance and Punctuality Policy.
    - e. Attendance of Seminars External Meetings Workshops and Conferences Policy.
    - f. Chronic Illness Policy.
    - g. Confidentiality Policy.
    - h. Dress Code Policy.
    - i. Education Training and Development Policy.
    - j. Employee Assistance Policy.
    - k. Employing Non Fulltime Staff Policy.
    - l. Exit Management Policy.
    - m. Gift Policy.
    - n. Housing Allowance Policy.
    - o. Imprisoned Employee Policy.
    - p. Internet and Email Policy.
    - q. Legal Aid Policy.
    - r. Mentorship Policy.
    - s. Nepotism Policy.
    - t. Occupational Health and Safety Policy.
    - u. Overtime Policy
    - v. Payroll Management and Administration Policy.
    - w. Performance Management Policy.
    - x. Performing Private Work Policy.
    - y. Personal Protective Equipment Policy.
    - z. Recruitment and Selection Policy.
    - aa. Remuneration Policy.

### 1.3 Executive Summary

In terms of section 16 (1) of the MFMA, the council of a municipality must for each financial year approve an annual budget for the municipality before the start of that financial year.

Furthermore, Section 24(1) stipulates that the Municipal Council must at least 30 days before the start of the budget year consider approval of the annual budget.

Subsection (2) an annual budget –

(c) Must be approved together with the adoption of resolution as may be necessary-

- (i) Imposing any municipal tax for the budget year;
- (ii) Setting any municipal tariffs for the budget year;
- (iii) Approving measurable performance objectives for revenue from each source and for each vote in the budget;
- (iv) Approving any changes to the municipal intergraded development plan and;
- (v) Approving any changes to the municipal budget related policies.

The 2016 South African Budget has been prepared in a very tough economic environment. The global outlook for the economic growth is subdued, weighed down by a prolonged slump in commodity prices and slower growth in China. There is a pronounced slowdown in developing countries, with some in deep recession. South Africa's low savings rate makes the country vulnerable to external shocks, as do domestic structural weaknesses.

Domestic growth forecasts over the medium term – government's three-year budgeting window – have been revised down. A tax revenue shortfall of R4 billion is expected for 2015/16 compared with the most recent forecast in October 2015. In an environment of rising inflation, higher debt and debt-service costs, and increasing public-sector wages, slow revenue growth threatens to widen the budget deficit, diminishing government's capacity to meet the targets of the National Development Plan.

Since the tabling of the October 2015 *Medium Term Budget Policy Statement* (MTBPS), the global economic crisis has deepened, exposing the depth of South Africa's external vulnerabilities and the internal constraints that limit its potential for growth.

Global conditions have exposed South Africa's own economic weaknesses, with projected GDP growth revised down to 0.9 per cent for 2016 improving gradually to 1.7 per cent in 2017 and 2.4 per cent in 2018.

The weaker outlook is as a result of lower commodity prices, higher borrowing costs, drought and diminished business and consumer confidence. Constrained electricity supply and dilapidated infrastructure assets continue to limit growth and deter fixed investment. The exchange rate depreciation is also a contributing factor to the higher inflation outlook.

The National Government also noted that Job creation remains one of the most pressing concerns for the economy. The overall employment grew by 3.7 per cent in the first three quarters of 2015. According to statistics South Africa, 19 000 jobs were created in the formal sector and 273 000 in the informal sector in the first three quarters of 2015. The total unemployment rate stood at 25.5 per cent in the third quarter of 2015 with the number of South Africans categorised as long term unemployed 5.7 per cent higher than in 2014.

Higher inflation and weaker employment growth will impact on the ability of municipalities to generate and collect revenue on services, to keep expenditure within the budgeted allocations and to borrow to fund capital expenditure programmes at affordable rates. Therefore it is critical to review how business is conducted to ensure that value for money is obtained in all expenditures, that revenue administration

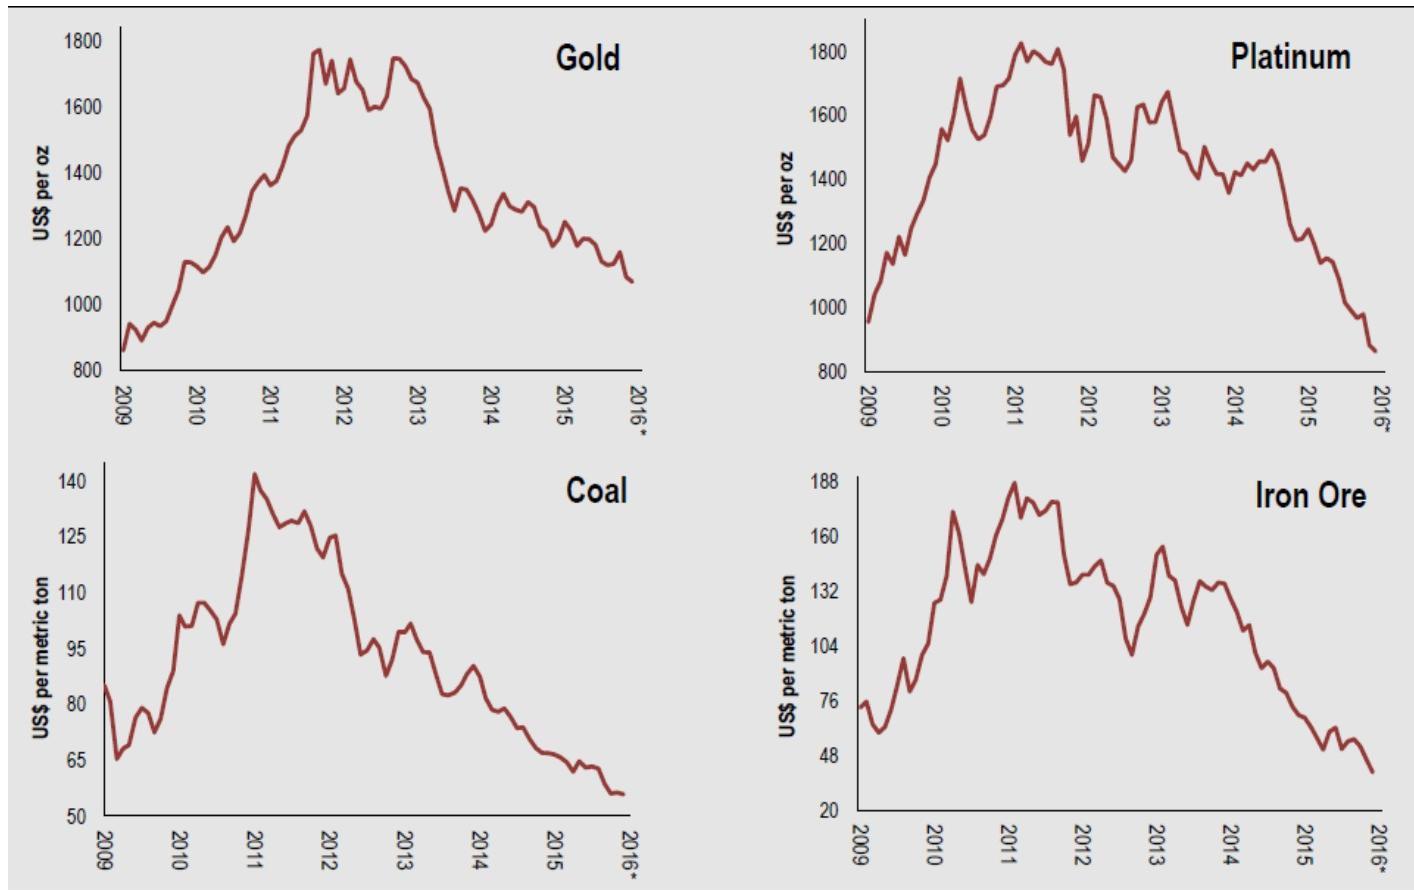

systems are operating effectively, that borrowing programmes are realistic and that creditors continue to be paid timeously and in full.

The world economy appears to be mired in a protracted period of slower growth owing to structural, rather than cyclical factors. Economic growth is at its lowest since 2009. Trade has slowed and financial market turbulence has intensified. A muted economic revival is apparent in developed economies, but the recovery is precarious. High levels of debt and years of unprecedented monetary easing have narrowed the space for policy action to cushion economic fluctuations. Slowing productivity growth, rising inequality and ageing populations raise considerable longer-term challenges.

Thaba Chweu Municipality is not immune to these factors. One of the core commodities exported out of this region is Platinum and coal. The table below illustrates the global impact on the major commodities in South Africa.

#### Prices of South Africa's major commodity exports, 2009 – 2016

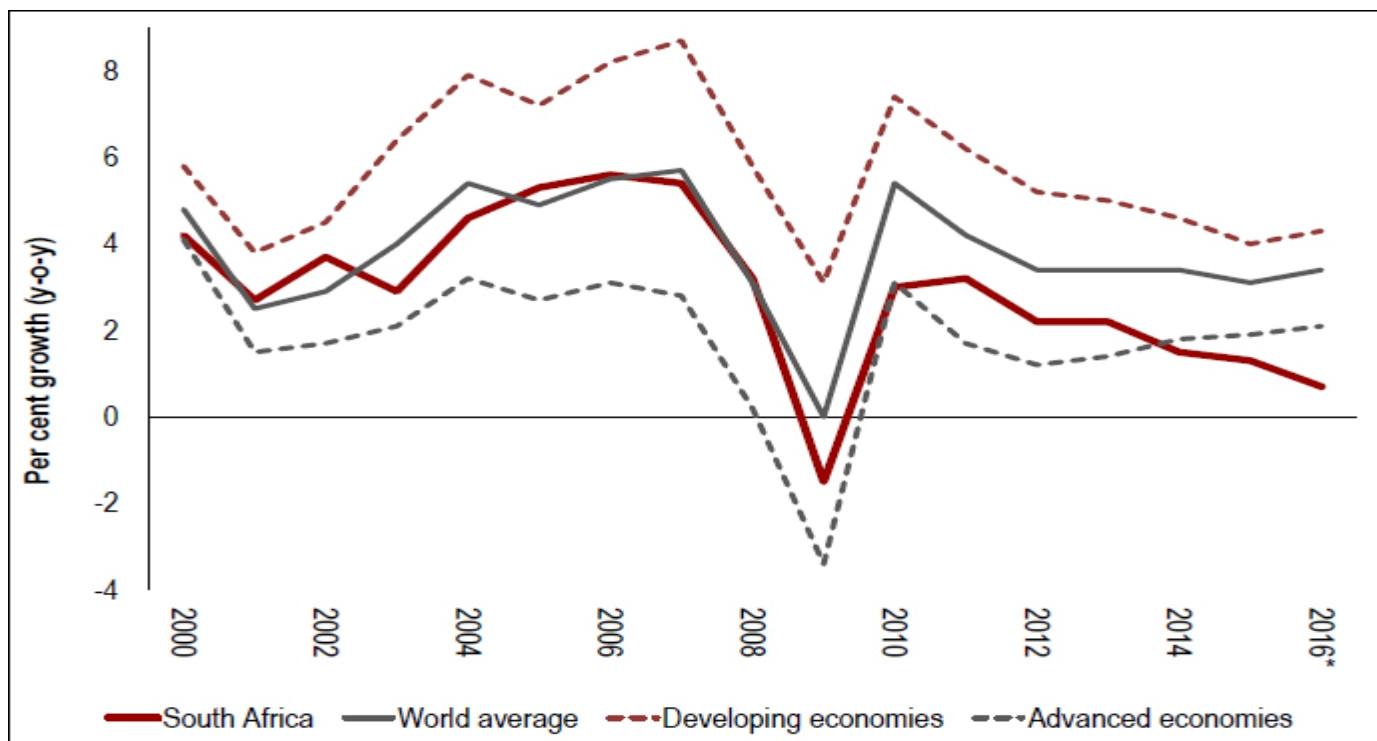

#### Domestic outlook weakens

South Africa's GDP growth has now fallen behind the rate of population increase, resulting in declining per capita incomes. In other words, the average South African is becoming poorer. Lower rates of economic growth reduce government revenue, undermining the state's ability to sustain spending on core social and economic programmes. While global factors play a strong role, domestic growth has continued to diverge from the world average.

## South African and global economic growth, 2000 – 2016

Source: International Monetary Fund \*Forecast

Global conditions have exposed South Africa's own economic weaknesses, with projected GDP growth revised down to 0.9 per cent for 2016. Low commodity prices, heightened financial market volatility, and diminished consumer and business confidence weigh on the outlook.

The most severe drought in 20 years has resulted in declining agricultural output and food price inflation, raising the prospect of increased hunger and poverty across Southern Africa. Constrained electricity supply continues to limit growth and deter fixed investment.

The above summarises the situation faced by the low economic growth. Therefore mechanisms have to be put in place to cushion the impact of these tough conditions. National government has introduced measures to curb and improve economic growth gradually.

Government is committed to raising growth rates over the medium and long term. Success will depend on increased collaboration with business, labour and civil society to realise the goals of the National Development Plan. Key areas of intervention include:

- Maintaining public infrastructure investment
- Partnerships to expand co-investment in economic infrastructure, social facilities, innovation and skills development.
- Increasing electricity supply and improving reliability by mobilising private-sector co-investment in technologies that promise rapid results.
- Promoting a stable and cooperative labour relations environment.
- Encouraging development of energy-efficient, job-creating industries – such as tourism, agriculture and agro-processing – that can benefit from the weaker rand to boost exports.
- Lowering the cost of doing business, removing regulatory constraints – such as easing onerous visa restrictions – and acting swiftly to remove policy uncertainty.
- Stimulating economic activity.
- Encouraging the growth of small business. The National Treasury and the Department of Small Business Development are working with the private sector to explore establishing a small business innovation fund.

- Transforming the urban landscape and,
- Transport networks and jobs.

Over time, these reforms will place the economy on a higher growth trajectory.

Thaba Chweu Municipality, as local government, has to align its priorities to be in line with that of the National government and introduce measures that speak to the commitments set out by National government to stimulate economic growth.

The Medium Term Strategic Framework (MTSF) priorities for structural reform over the period ahead include:

- **Building the capacity of local government through the “back to basics” approach** which will focus on improving service delivery, accountability and financial management. Local government should be effective and efficient; and this will be measured by its ability to perform the basic mandate of service delivery.
- Reshaping urban environment through **integrated spatial planning and an expansion of the municipal debt market**. Municipalities play a critical role in growing the economy through well-planned and well-managed urbanisation. In order to achieve this, large municipalities require massive investment to stimulate growth, maintain infrastructure and ensure that basic services are provided for growing populations. Over the next three years, the government will roll-out a new approach to local government infrastructure financing. Incentives will be introduced to encourage large urban municipalities to promote more compact, efficient and equitable cities.
- **Sustainable job creation** remains a national priority, the municipality has been allocated an amount of R 1.6 million particularly to participate in the Expanded Public Works Programme and to explore opportunities to mainstream labour intensive approaches to delivering services.

The cost containment measures as set out in MFMA Circular No.70 to ensure savings on the focus areas namely, consultancy fees, travel and related costs, advertising, catering and event costs as well as previous MFMA Circulars was adopted in compilation of this budget. With the municipality's limited financial resources and also taking into account the factors of the National budget review the 2016/17 annual budget has further prioritised funds to ensure key objectives are achieved and well-performing programmes are supported.

The main challenges experienced during the compilation of the 2016/17 MTREF can be summarised as follows:

- The ongoing difficulties in the national and local economy;
- Aging and poorly maintained water, roads and electricity infrastructure;
- The need to reprioritise projects and expenditure within the existing resource envelope given the cash flow realities and declining cash position of the municipality;
- The increased cost of bulk electricity (due to tariff increases from Eskom), which is placing upward pressure on service tariffs to residents. Continuous high tariff increases are not sustainable - as there will be point where services will no-longer be affordable;
- Wage increases for municipal staff that continues to exceed consumer inflation, as well as the need to fill critical vacancies.

The budget-related policies were reviewed during the budget preparation process and the amendments to the budget-related policies are included in part two (2) of this budget document on 2.4 under the overview of budget related policies

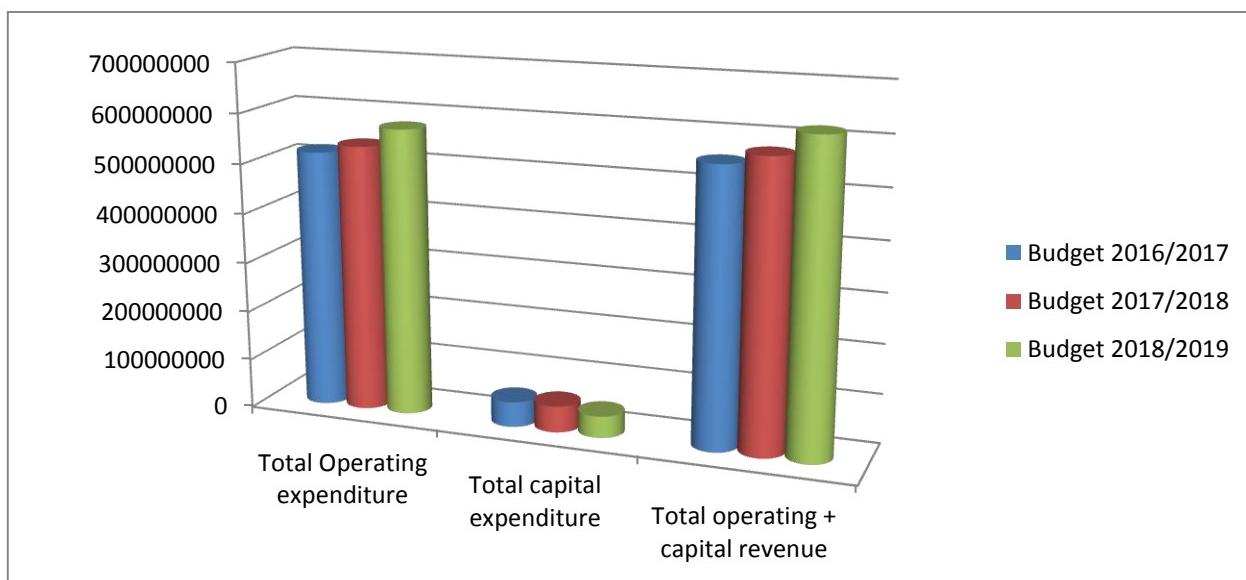

The following budget principles and guidelines directly informed the compilation of the 2016/17 MTREF:

- Tariff increases should be affordable and should generally not exceed inflation as measured by the CPI, except where there are price increases in the inputs of services that are beyond the control of the municipality, for instance the cost of bulk electricity. In addition, tariffs need to remain or move towards being cost reflective, and should take into account the need to address infrastructure backlogs;
- There will be no budget allocated to national and provincial funded projects unless the necessary grants to the municipality are reflected in the national and provincial budget and have been gazetted as required by the Division of Revenue Act;
- The annual budget herewith presented provides the appropriation of funds in the MTREF as follows:

Description	Approved Budget 2015/16	Medium Term Revenue and Expenditure Framework		
		Budget Year 2016/2017	Budget Year 2017/2018	Budget Year 2018/2019
R Thousand	R'000	R'000	R'000	R'000
Total Revenue	500 760	552 526	574 827	617 436
Total Expenditure	527 400	571 174	584 888	618 650
<b>Surplus/(deficit)</b>	<b>-26 640</b>	<b>-18 648</b>	<b>-10 061</b>	<b>-1 214</b>

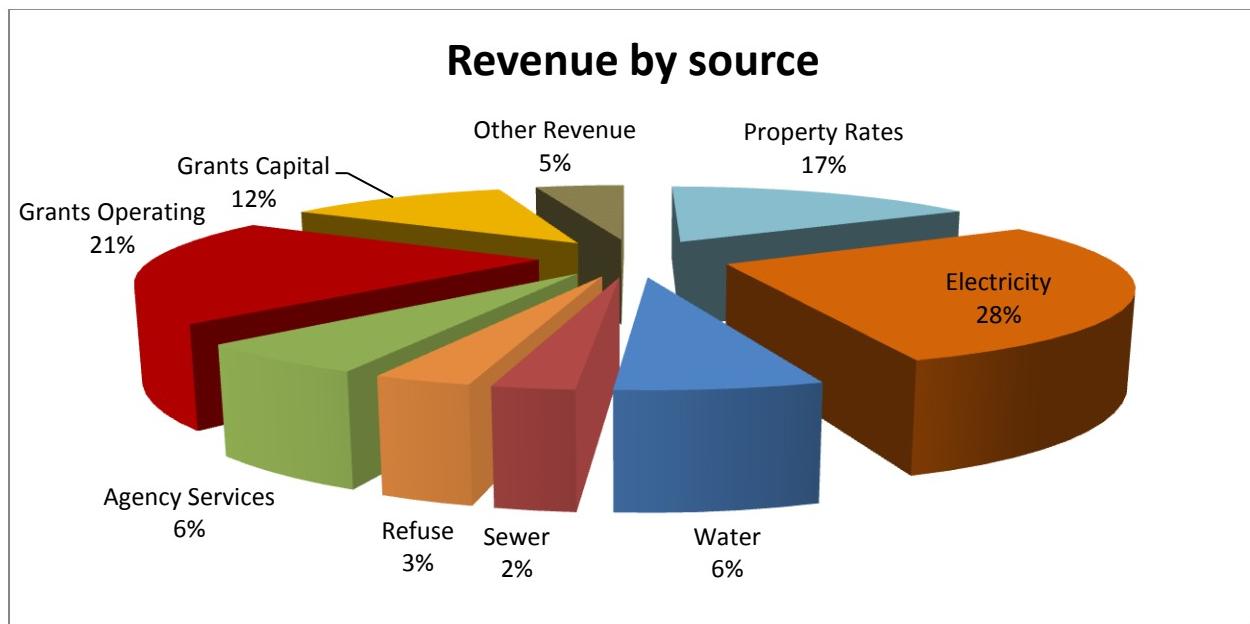

- ✓ Total operating revenue of R 552.5 million for 2016/17 financial year, R 574.8 million for 2017/18 financial year and R 617.4 million for 2018/19 financial year.
- ✓ Total operating expenditure of R 499.9 Million for the 2016/17 financial year, R 493.2 million for the 2017/18 financial year and R 529.3 million for the 2018/19 financial year.
- ✓ Total capital expenditure of R 71.2 million for the 2016/17 financial year, R 91.7 million for the 2017/18 financial year and R 89.4 million for the 2018/19 financial year.

The annual budget high level summary is graphically presented as follows:

## Where does the money come from?

The Municipality's ability to fund its operations is largely based on its ability to generate own revenue and services consumers paying for their services on a timely basis. Of the total revenue in 2016/2017, 79% (R 379, 7 million) will be funded from own internal revenue while 21% ( R 184, 6 million) will be funded through government grants.

Description	Amount
Property Rates	93 796 360
Electricity	159 141 101
Water	35 656 181
Sewer	14 263 065
Refuse	17 073 647
Agency Services	32 993 649
Grants Operating	118 547 000
Grants Capital	66 025 000
Other Revenue	26 800 171

The largest own revenue source is electricity sales at 28 % followed by property rates at 17%, water 6%, agency services 6%, Sewer and refuse at 3%. Other revenue is made up of other non-service delivery related but important service charges such as fines, Interest and rental of facilities.

Tariff Increase

Sanitation	-	-	-	
Refuse removal	-	-	-	
Sub – total	303.87		325.29	
Vat on service	42.54		45.54	
Total middle income bill	<b>346.41</b>		<b>370.83</b>	

Reference:

1. Use as basis property value of R 30 000 and 200 000, 350kwh electricity and 20kl water (50 kwh electricity and 10kl water free)

## Service Charges

**Property rates** are another form of government tax levied on property ownership in terms of Local Government: Municipal Property rates Act 6 of 2004. Council has taken decision not to affect any increase in property rates for the 2016/2017 financial year, however the rebate has been reduced from 58% to 55%

**Electricity** increase is based on the National Energy Regulator of South Africa (NERSA). In terms of the multi-year price determination for Eskom's tariffs approved by the National Energy Regulator of South Africa, a tariff increase of 9.4 per cent has been approved for the 2016/17 financial year.

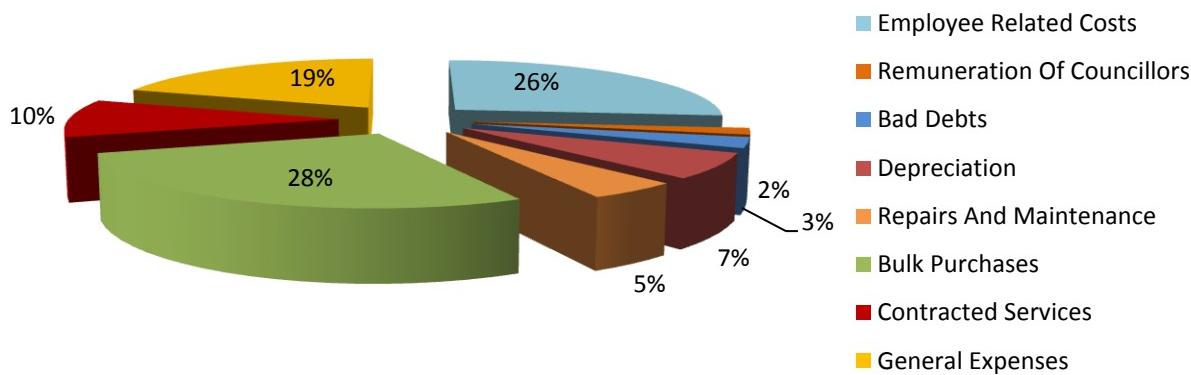

**Water, refuse and sanitation** are increased based on the consumer price index plus 1 % as guided by the National Treasury.

## What is the money spent on?

The municipality has maintained a pro-poor orientation on public spending to improve social development through sustainable provision of basic services. A credible budget implementation plan to address challenges and achieve imperatives and goals as guided by the IDP had been set up.

Bad Debts	14 191 444
Depreciation	33 595 902
Repairs And Maintenance	23 322 257
Bulk Purchases	138 478 576
Contracted Services	50 481 007
General Expenses	98 160 958

Employee related costs are averaged at the CPI + 1 per cent. The South African Local Government Bargaining Council entered into a three year salary and wage collective agreement for a period 01 July 2015 to 30 June 2018. The agreement reached is as follows:

- 2015/16 financial year – 7 per cent
- 2016/17 financial year – average CPI + 1 per cent
- 2017/18 financial year – average CPI +1 per cent

Limits were set for the following items amongst others and allocations to these items had to be supported by a list and/or motivation setting out the intention and cost of the expenditure which was used to non-priority expenditures

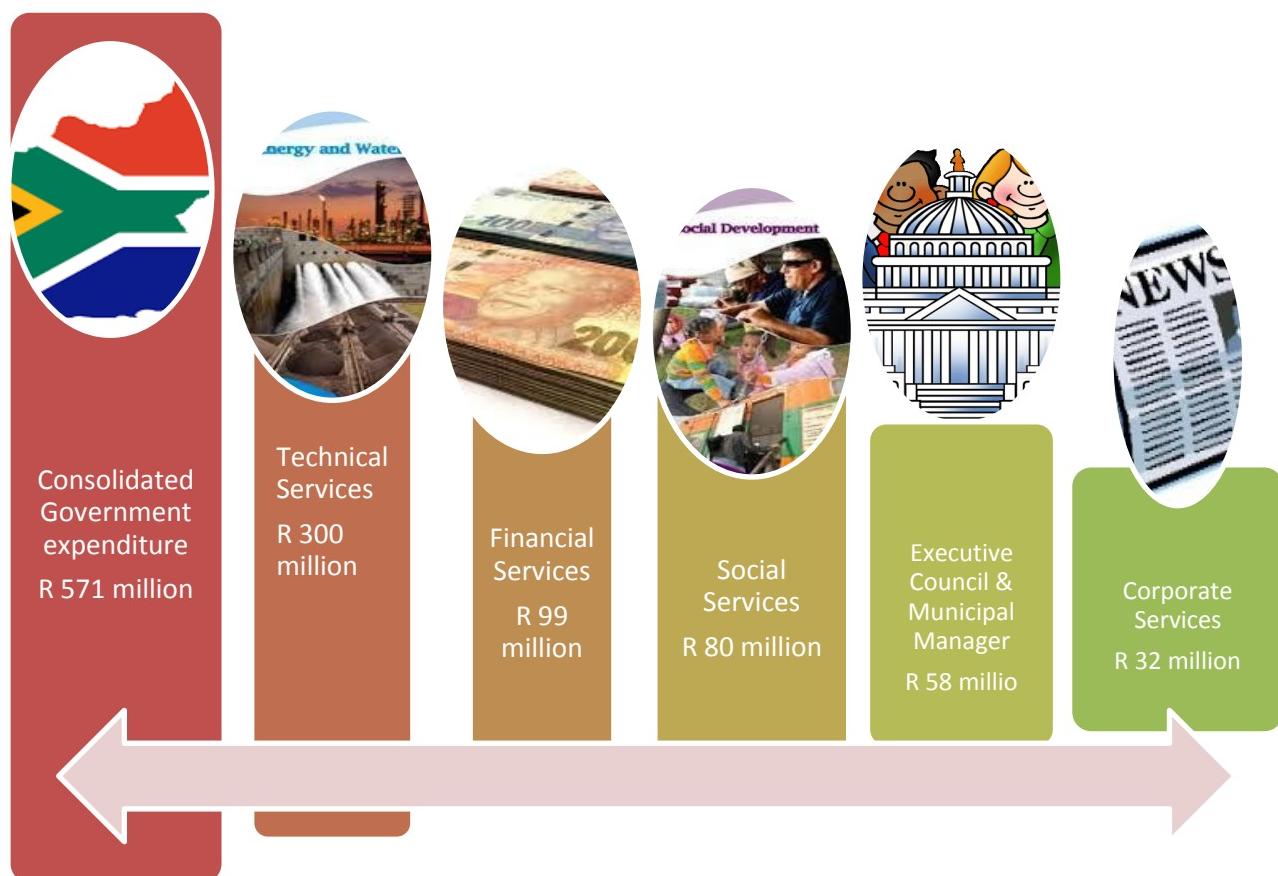

- Subsistence and travelling allowance
- Furniture and office Equipment
- Refreshments and entertainment
- Fuel
- Advertising and printing

The Municipality encourages business continuity and certain expenditure has to be maintained in line with the inflation rate to enable the institution to continue and provide basic services.

Bulk Purchases constitute 28% of the operating budget and employee costs 26%, repairs and maintenance constitute 5 % of the total operating budget. This is slightly below the norm of 6 % and above.

Repairs and maintenance comprises of Network reticulation (electricity, water and sewer) and roads maintenance to the value of R 18 million.

## Functional classification

The above diagram illustrates the breakdown of the budget by department.

- ✓ Technical services is allocated R 300 million, up by 5 percent from the previous financial year;
- ✓ Financial Services is allocated R 99 million, decrease of 5 percent from the previous financial year. The decrease is as a result of a reduction in non-essential expenditure and redirecting funds to service delivery areas.
- ✓ Social services is allocated R 80 million, up by 40 percent from the previous financial year. The increase is as a result of redirecting funding to basic service delivery areas.

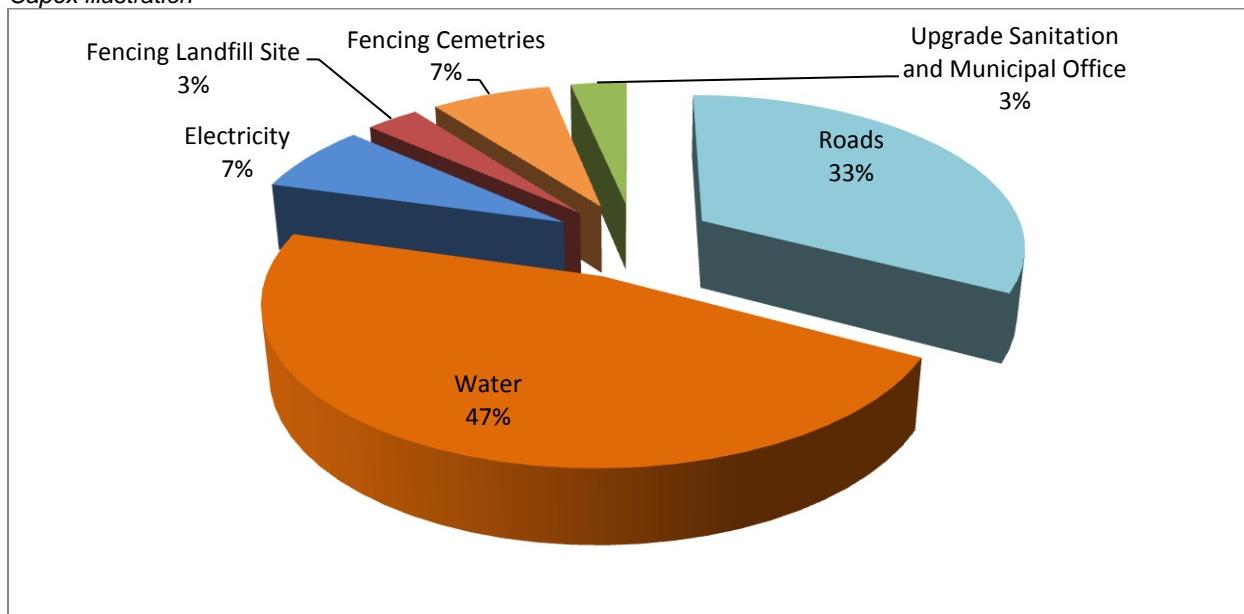

- ✓ Executive Council & Municipal Manager office is allocated R 58 million and;
- ✓ Corporate services R 31 million

## Capital Budget

The municipality's capital budget is important for implementation of new infrastructure projects to increase and improve access to basic services around the municipality. In the 2016/2017 financial year, The municipality has approved capital budget of R 71,173,750. This capital budget will implement a range of infrastructure from, roads, water, electricity, sanitation etc.

*Capex illustration*

Roads	23 286 738
Water	33 200 000
Electricity	5 100 000
Fencing Landfill Site	2 234 253
Fencing Cemeteries	5 002 759
Upgrade Sanitation and Municipal Office	2 350 000

- Fencing of landfill sites (MIG/MP/1515/F/16/18);
- Roads (MIG/MP1416/RST, MIG/MP1418/RST, MIG/MP1419/RST, MIG/MP1427/RST)
- Replacement of AC pipes (MIG/MP1385/W/15/17)
- Fencing Cemeteries (MIG/MP/1175/F/13/15)
- ✓ The following are internally funded capex projects
  - Upgrade sewer line (Mashishing)
  - Bulk water upgrade (coromandale)
  - Install ring feed line ( Sabie)

1.4

The following pages present the ten main budget tables as required in terms of section 8 of the Municipal Budget and Reporting Regulations. These tables set out the municipality's 2016/2017 budget and MTERF as tabled in council.

## Explanatory notes to Table A1 – Budget Summary.

1. Table A1 is a budget summary and provides a concise overview of the municipality's budget from all of the major financial perspectives (operating, capital expenditure, financial position, cash flow, and MFMA funding compliance).
2. The table provides an overview of the amounts tabled to Council for operating performance, resources deployed to capital expenditure, financial position, cash and funding compliance, as well as the municipality's commitment to eliminating basic service delivery backlogs.

## **Explanatory notes to Table A2 - Budgeted Financial Performance (revenue and expenditure by standard classification)**

1. Table A2 is a view of the budgeted financial performance in relation to revenue and expenditure per standard classification. The modified GFS standard classification divides the municipal services into 15 functional areas. Municipal revenue, operating expenditure and capital expenditure are then classified in terms of each of these functional areas which enables the National Treasury to compile 'whole of government' reports.
2. Note the Total Revenue on this table includes capital revenues (Transfers recognised – capital)
3. Note that as a general principle the revenues for the Trading Services should exceed their expenditures. The table highlights that this is the case for Electricity, Water and Waste water functions, but not the Waste management function. The municipality is in process of reviewing its revenue enhancement strategy.

**Table A3 - Budgeted Financial Performance (revenue and expenditure by municipal vote)**

MP321 Thaba Chweu - Table A3 Consolidated Budgeted Financial Performance (revenue and expenditure by municipal vote)

## **Explanatory notes to Table A6 - Budgeted Financial Position**

1. Table A6 is consistent with international standards of good financial management practice, and improves understandability for councilors and management of the impact of the budget on the statement of financial position (balance sheet).
2. This format of presenting the statement of financial position is aligned to GRAP1, which is generally aligned to the international version which presents Assets less Liabilities as “accounting” Community Wealth. The order of items within each group illustrates items in order of liquidity; i.e. assets readily converted to cash, or liabilities immediately required to be met from cash, appear first.
3. The municipal equivalent of equity is Community Wealth/Equity. The justification is that ownership and the net assets of the municipality belong to the community.

### Explanatory notes to Table A6 - Budgeted Cash Flow Statement

- The budgeted cash flow statement shows the expected level of cash in-flow versus cash out-flows that is likely to result from the implementation of the budget.

### Explanatory notes to Table A8 - Cash Backed Reserves/Accumulated Surplus Reconciliation

1. The cash backed reserves/accumulated surplus reconciliation is aligned to the requirements of MFMA Circular 42 – Funding a Municipal Budget.
2. In essence the table evaluates the funding levels of the budget by firstly forecasting the cash and investments at year end and secondly reconciling the available funding to the liabilities/commitments that exist.
3. The outcome of this exercise would either be a surplus or deficit. A deficit would indicate that the applications exceed the cash and investments available and would be indicative of non-compliance with the MFMA requirements that the municipality's budget must be “funded”.

### **Explanatory notes to Table A9 - Asset Management**

1. Table A9 provides an overview of municipal capital allocations to building new assets and the renewal of existing assets, as well as spending on repairs and maintenance by asset class.
2. National Treasury has recommended that municipalities should allocate at least 40 per cent of their capital budget to the renewal of existing assets, and allocations to repairs and maintenance should be 8 per cent of PPE.

## Part 2 – Supporting Documentation

### 2.1 Overview of the annual budget process

Section 53 of the MFMA requires the Mayor of the municipality to provide general political guidance in the budget process and the setting of priorities that must guide the preparation of the budget. In addition Chapter 2 of the Municipal Budget and Reporting Regulations states that the Mayor of the municipality must establish a Budget Steering Committee to provide technical assistance to the Mayor in discharging the responsibilities set out in section 53 of the Act.

The Budget Steering Committee consists of the Municipal Manager and senior officials of the municipality meeting under the chairpersonship of the Executive Mayor.

The primary aim of the Budget Steering Committee is to ensure:

- that the process followed to compile the budget complies with legislation and good budget practices;
- that there is proper alignment between the policy and service delivery priorities set out in the municipality's IDP and the budget, taking into account the need to protect the financial sustainability of municipality;
- that the municipality's revenue and tariff setting strategies ensure that the cash resources needed to deliver services are available; and
- that the various spending priorities of the different municipal departments are properly evaluated and prioritised in the allocation of resources.

#### 2.1.1 Budget Process Overview

In terms of section 21 of the MFMA the Mayor is required to table in Council ten months before the start of the new financial year (i.e. in August) a time schedule that sets out the process to revise the IDP and prepare the budget.

The Mayor tabled in Council the required budget time table.

#### 2.1.2 IDP and Service Delivery and Budget Implementation Plan

The municipality's IDP is its principal strategic planning instrument, which directly guides and informs its planning, budget, management and development actions. This framework is rolled out into objectives, key performance indicators and targets for implementation which directly inform the Service Delivery and Budget Implementation Plan.

The IDP has been taken into a business and financial planning process leading up to the 2016/17 MTREF, based on the approved 2015/16 MTREF, Mid-year Review and adjustments budget. The business planning process has subsequently been refined in the light of current economic circumstances and the resulting revenue projections.

With the compilation of the 2016/17 MTREF, each department/function had to review the business planning process, including the setting of priorities and targets after reviewing the mid-year and third quarter performance against the 2015/16 Departmental Service Delivery and Budget Implementation Plan. Business planning links back to priority needs and master planning, and essentially informed the detail operating budget appropriations and three-year capital programme.

### **2.1.3 Financial Modelling and Key Planning Drivers**

As part of the compilation of the 2016/17 MTREF, extensive financial modelling was undertaken to ensure affordability and long-term financial sustainability. The following key factors and planning strategies have informed the compilation of the 2016/17 MTREF:

- Municipal growth
- Policy priorities and strategic objectives
- Asset maintenance
- Economic climate and trends (i.e inflation, Eskom increases, household debt, migration patterns)
- Performance trends
- The approved 2015/16 adjustments budget and performance against the SDBIP
- Cash Flow Management Strategy
- Debtor payment levels
- The need for tariff increases versus the ability of the community to pay for services;
- Improved and sustainable service delivery

In addition to the above, the strategic guidance given in National Treasury's MFMA Circulars has been taken into consideration in the planning and prioritisation process.

## **2.2 Overview of alignment of annual budget with IDP**

The Constitution mandates local government with the responsibility to exercise local developmental and cooperative governance. The eradication of imbalances in South African society can only be realized through a credible integrated developmental planning process.

Municipalities in South Africa need to utilise integrated development planning as a method to plan future development in their areas and so find the best solutions to achieve sound long-term development goals. A municipal IDP provides a five year strategic programme of action aimed at setting short, medium and long term strategic and budget priorities to create a development platform, which correlates with the term of office of the political incumbents. The plan aligns the resources and the capacity of a municipality to its overall development aims and guides the municipal budget. An IDP is therefore a key instrument which municipalities use to provide vision, leadership and direction to all those that have a role to play in the development of a municipal area. The IDP enables municipalities to make the best use of scarce resources and speed up service delivery.

Integrated developmental planning in the South African context is amongst others, an approach to planning aimed at involving the municipality and the community to jointly find the best solutions towards sustainable development. Furthermore, integrated development planning provides a strategic environment for managing and guiding all planning, development and decision making in the municipality.

It is important that the IDP developed by municipalities correlate with National and Provincial intent. It must aim to co-ordinate the work of local and other spheres of government in a coherent plan to improve the quality of life for all the people living in that area. Applied to the municipality, issues of national and provincial importance should be reflected in the IDP of the municipality. A clear understanding of such intent is therefore imperative to ensure that the municipality strategically complies with the key national and provincial priorities.

The aim of this revision cycle was to develop and coordinate a coherent plan to improve the quality of life for all the people living in the area, also reflecting issues of national and provincial importance. One of the

key objectives is therefore to ensure that there exists alignment between national and provincial priorities, policies and strategies and the municipality's response to these requirements.

The national and provincial priorities, policies and strategies of importance include amongst others:

- Green Paper on National Strategic Planning of 2009;
- Government Programme of Action;
- Development Facilitation Act of 1995;
- Provincial Growth and Development Strategy (GGDS);
- National and Provincial spatial development perspectives;
- Relevant sector plans such as transportation, legislation and policy;
- National Key Performance Indicators (NKPIs);
- Accelerated and Shared Growth Initiative (ASGISA);
- National 2014 Vision;
- National Spatial Development Perspective (NSDP) and
- The National Priority Outcomes.

The Constitution requires local government to relate its management, budgeting and planning functions to its objectives. This gives a clear indication of the intended purposes of municipal integrated development planning. Legislation stipulates clearly that a municipality must not only give effect to its IDP, but must also conduct its affairs in a manner which is consistent with its IDP.

In order to ensure integrated and focused service delivery between all spheres of government it was important for the municipality to align its budget priorities with that of national and provincial government. All spheres of government place a high priority on infrastructure development, economic development and job creation, efficient service delivery, poverty alleviation and building sound institutional arrangements.

Local priorities were identified as part of the IDP review process which is directly aligned to that of the national and provincial priorities. The 2016/17 MTREF has therefore been directly informed by the IDP revision process and tables SA4 to table SA6 provide a reconciliation between the IDP strategic objectives and operating revenue, operating expenditure and capital expenditure.

## **2.4 Legislation compliance status**

Compliance with the MFMA implementation requirements have been substantially adhered to through the following activities:

**1. in year reporting**

Reporting to National Treasury in electronic format was fully complied with on a monthly basis. Section 71 reporting to the Executive Mayor (within 10 working days).

**2. Internship programme**

The municipality is participating in the Municipal Financial Management Internship programme and has employed four interns undergoing training in various divisions of the Budget and Treasury Office. Since the introduction of the Internship programme the municipality has successfully employed and trained 7 interns through this programme.

The Budget and Treasury Office has been established in accordance with the MFMA.

**3. Audit Committee**

An Audit Committee has been established and is fully functional.

**4. Service Delivery and Implementation Plan**

The detail SDBIP document directly aligned and informed by the 2016/17 MTREF is at a compilation stage.

**5. Annual Report**

Annual report is compiled in terms of the MFMA and National Treasury requirements.
